I) CREATE ACCOUNT IN SEND GRID

The screenshot shows the Twilio SendGrid account setup guide page. The browser address bar displays <https://app.sendgrid.com/guide>. The left sidebar contains a navigation menu with the following items: Newton Habakuk (user profile), Dashboard, Email API, Marketing, Design Library, Stats, Activity, Suppressions, Settings, and Twilio SMS (marked as NEW). The main content area is titled "Welcome, Newton!" and includes a sub-header "Send your first emails with Twilio SendGrid". Below this, there is a section "Create a sender identity" with a blue button "Create a Single Sender" and a link "Authenticate a domain instead". To the right, there is a diagram showing an email header with "Your Business" as the sender and "jane.doe@your_business.com" as the email address. Below the diagram, there is a section "Send your first email" with a lock icon and the text "Please create a sender identity before sending your first email." At the bottom, there is a section "Remove email sending limits" and a progress bar for "Finish your account setup" showing "2 out of 4 completed".
